

***AMOÉBA announces the publication of its registration document
for the 2016 period***

Lyon, 26th April 2017 - AMOÉBA (FR0011051598 - AMEBA), producer of a biological biocide capable of eliminating waterborne bacterial risks announced that its registration document for the 2016 period was submitted to the French Financial Markets Regulator (AMF) on 25th April 2017, recorded as document R.17-023.

The document can be consulted on the company's website www.amoeba-biocide.com. Copies of the registration document are also available at the company's headquarters: 38, avenue des frères Montgolfier, 69680 Chassieu, France.

The registration document includes the following documents:

- the annual financial report relating to the year ending 31 December 2016
- the report on the conditions of preparation and organisation of the work undertaken by the administrative council and the internal verification procedures
- the communiqué relating to the fees paid to the account auditors

About AMOÉBA:

AMOÉBA develops a biological biocide capable of eliminating waterborne bacterial risk (legionella, pseudomonas, listeria, etc.). This entirely natural solution is presented as an alternative to the chemical treatments traditionally used in the industrial sector and complies with the new regulations in terms of chemical emissions into the environment. In a worldwide market for chemical biocides estimated to be worth EUR 21 bn⁽¹⁾, AMOÉBA is today concentrating on the segment of industrial air-cooled towers (ACT), estimated to be worth EUR 1.7 bn⁽²⁾. AMOÉBA is continuing with the regulatory procedures necessary to obtain MA for all European countries for the "Air Cooled Towers" application. Based in Lyon-Chassieu (France), AMOÉBA is quoted on compartment C of the Euronext Paris stock exchange and joined the CAC® Small index on 21st September 2015.
